

For All Your IT/Telecom Solutions

Consider Us

Consider BAHUM ASSOCIATES (PVT) LIMITED as your development partner. We plan, design, evaluate, engineer, manage and implement, whenever and wherever a development project is needed.

We are renowned for our highly experienced and innovative engineers trained by our Principals in the West in specific fields.

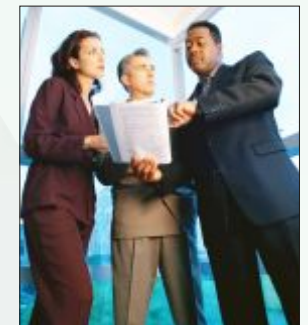

They maintain an array of on-call resources towards extending their specialized services for development projects on TURNKEY basis for our valued national and multi-national clients. Both the evidence of their completed work and underlying sources of our strength give them confidence about their role in providing highly Specialized Engineering services.

The Mechanical unit of the company is providing services of erection, construction, commissioning and testing. The specialized services offered are engineering and on-site erection. The Electrical and Instrumentation facilities are vested in Company's E & I unit which has design, installation, commissioning and maintenance services. Special emphasis is always given to Quality Assurance, Quality Control, and Safety at work sites.

Bahum is offering comprehensive and One-Stop-Shop solutions mainly by its two divisions:

Power Generation Division namely Bahum PowerGen

Telecom / IT Division namely Bahum Technologies

Bahum Associates Pvt (Ltd).

Consider Us A Comprehensive Solution Provider For
Mechanical, Electrical, Electrical, Telecom, Civil & IT

An Overview

Since its inception the company has established an extensive record in the field of engineering and development of a variety of successful commercial and industrial projects. As full service organization, Bahum Associates (Pvt) Ltd. offers general engineering and management services to both large and small clients.

Bahum Associates is a result-oriented company. The results they produce time and again for their clients are:

- High quality products
- On-schedule delivery
- On-budget performance
- Satisfaction for Clients
- Higher probability of achieving goals

The Company has maintained a burgeoning rate of growth from its modest beginnings to become one of the largest and rapidly growing Engineering Company in the country. The Company has a strong and dedicated team of professionals which is comprised mainly of Team Managers, Project Engineers, and Field Supervisors and is committed to provide high quality services at competitive prices.

Basic Business Reliefs

- Respect for the individual.
- The best and most innovative services of power generation in the world.
- With the ideas that they can be accomplished in a superior fashion.
- Guaranteed quality of work.
- To serve clients efficiently and effectively.
- To continually review and improve schedules and procedures.
- To produce high quality completed projects at the lowest cost in the shortest time.
- Honesty, integrity and devotion to work.

Mission Statements

"we intend to be a world class engineering company to meet the requirements of our clients and the needs of the market towards achieving the objectives of quality and timely completion of the projects. we would like to improve the quality of life, by using our technologies and resources, thus contributing to the betterment of mankind and society."

Joint Ventures

Apart from supply and installation of imported gensets to PTCL, we have executed some projects in collaboration with Millat Tractors Ltd. who are the largest tractors and diesel gensets manufacturing company in Pakistan and their repute is well known in the country and abroad.

Due to our very strong business relationship since 1994, we have also executed mammoth and very prestigious PTCL projects for the supply of imported underground telephone copper cables.

Till now, the total value of the projects executed through the joint venture with Millat Tractors Ltd. is to the tune of Rs. 600 million (USD 12 million).
