**ORACLE** PARTNER

**a Leading  
ERP SOLUTION**

# Who We Are

WIZMEN Systems, established in 1997, based in Pakistan holds a track record of successful implementations. We are a leading ERP solution provider company adhering to the policy of providing quality products in agreed timelines with preeminent support.

# Why We Are Different

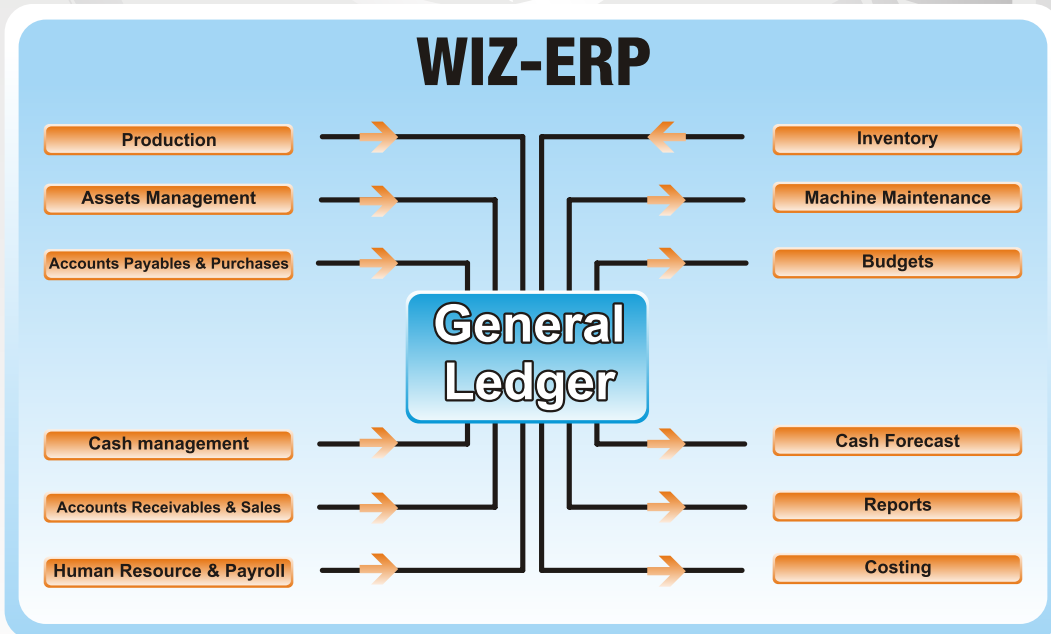

Our edge over others is that we have in depth knowledge of variety of business domains rather being merely an IT Technologist. Therefore we are in an ideal position to provide specific solution for any business problem.

# What Is Our Team

The company has highly experienced, educated and skilled human resources. Our key personnel have vast experience and vision of diversified business domains and software methodologies. We believe in employing highly professional and experienced staff for all jobs; project management, architecture, design, development, support and QA.

WIZ-ERP is a user friendly application with special emphasis to improve the productivity and efficiency in daily business processes. It is equipped with a number of special features and functionalities which help in enhancing the organizational capability and capacity. It is also equipped with a number of planning and decision making tools enabling the management to make the right decisions at right time.
